Penn State Crops Conferences

PCGA is supporting the PSU regional crops conferences in 2020! These conferences are a great opportunity for networking and learning on issues important to your business. PCGA 5-Acre Corn Contest regional awards will be presented at each location.

This year's conferences will include presentations on the realities of hemp production, glyphosate and the environment and adaptive nitrogen management + many more! Dates and counties are as follows:

- January 21 – Lancaster County
- January 29 – Mercer County
- January 30 – Lehigh County
- January 31 – Union County
- February 4 – Bradford County

PCGA members receive a discount on registration!

THE NEXT STEP IN GROWING YOUR SUCCESS

Technology is an integral part of today's farming culture and can also play an important role in your farm's contributions to local water quality improvement goals. **Are you maximizing its benefits on your operation?** Understanding the tools available, and the benefits of each, is key to deciding where you should begin (or expand) Precision Ag adoption on your farm.

FRIDAY, NOVEMBER 15
10:00 AM – 2:30 PM

Lesher's Poultry Farm
1451 Swamp Fox Road
Chambersburg, PA 17202

No cost to attend and lunch will be provided.

RSVP requested by November 11 -
www.4RMidAtlantic.com

Questions? Call Eric Rosenbaum at (484) 788-7263

Because farming today isn't the same as
when your grandfather was doing it...
